

Missions With Crossroads

Crossroads can now organize a trip specifically for your ministry group.

Greetings from the Crossroads International Headquarters (i.e. our office);

Thank you so much for your interest in missions. There is so much work to be done around the world and we praise God for your willingness to help out and see His Kingdom grow.

We would love to help you organize a trip specific to your group. If there is a certain location or people group that you would like to serve, domestically or internationally, and simply do not have the resources or time to do all the details, we will gladly take on that task for you. We are willing to organize the details of a trip for individuals, church youth groups, college groups, as well as campus ministries. Have you been on a mission trip with Crossroads or another organization and would love to go back as an individual or a group? Are you a ministry leader and have a specific location where you want your group to serve? Any ideas that you have, we'd love to work with you and help you out!

Please contact us to further discuss how we can work together to get you and your group into the mission field! Again, we praise God for you and look forward to working with you as we share the Good news all across the globe.

Other Expenses: This covers the cost of transportation in country such as busses, vans, trains, etc. It also covers the cost of most food and housing while on mission, and the cost of paying translators, drivers, guides, etc.

Other Important Information

Applications– You are welcome to use Crossroads' applications to select participants to travel with your group. Since we are planning your trip, we ask that you send us a copy of each participants application as well for review.

Other Forms and Documents– If the location you or your team is serving in requires traveler's visas or other documents, Crossroads will set deadlines and assist in all of these details.

Final Balance – Due the day before the team departs.

***We will set these deadlines and enforce them very seriously and expect participants to do the same. We ask that participants notify us ahead of time of any situations that may prevent them from meeting these deadlines and we will do our best to work with them.
